Detroit Concrete Construction Forms Exciting Partnership with Indiana Laborers Union *MBE/WBE Company Says Quality Work is Job One!*

Indianapolis, October 7, 2014: Detroit Concrete Construction, Inc. announced today they have formed an exciting and dynamic new partnership with the Indiana Laborers Union. Detroit Concrete's owners have over 50 years of combined experience providing high quality concrete construction services. Detroit Concrete is MBE and WBE certified in Wayne County, Michigan and currently working toward getting certified in Indiana.

Detroit Concrete's comprehensive scope of work includes: industrial and commercial concrete floors and foundations using laser screed technology as well as parking lots, curbs, gutters, sidewalks, and decorative concrete work.

Detroit Concrete co-owner and spokesperson Shaun Parkkila said of the new partnership, *"We're excited about our new partnership with the Laborers Union and the opportunities this presents for us to work with large union contractors in the state of Indiana. We believe our extensive experience, broad scope of work, and commitment to quality makes us uniquely positioned to provide high quality work in construction markets throughout Indiana."*

David Frye, Business Manager of the Indiana Laborers District Council, commented on the new partnership, *"We're happy to have a great company like Detroit Concrete as a partner. Their experience and extensive scope of work should serve the Indiana construction market well. We look forward to a long and successful partnership."*

Detroit Concrete Construction, Inc. corporate headquarters is located at: 2051 Rosa Parks Blvd., Detroit, MI 48216. For more information contact Shaun Parkkila at: 810-459-2026 or via email at: shaun.dcci@gmail.com.
