Press Release

Rain-Pro Irrigation, Inc. Announces New Partnership with Laborers Local 120

Indiana Company on the Move with a Dynamic New Partnership, Expansion into New Eco-Friendly Markets, and Jobs Creation for Hoosier Workers

Indianapolis, March 30, 2009: Rain Pro Irrigation, Inc., a locally-owned, family business is a company on the move. Rain Pro today announced that they have formed a partnership with Laborers Local 120 as part of an exciting new strategy to move into developing markets in the Central Indiana construction industry.

Rain Pro owner, Melinda Miller, says of the company's new direction, "Rain Pro has a built a solid reputation over the five years that we've been in business. However, with the current focus on green technologies and eco-friendly development we needed to think strategically and move the company in this exciting new direction. We're confident that this partnership will be beneficial to Rain Pro and Indiana workers."

Rain Pro, started in 2004, has historically focused on the irrigation design and installation, landscape and landscape lighting, certified backflow prevention testing, and winterization markets. However, since signing the new agreement with Laborers Local 120, Rain Pro intends to move into the continually developing "hardscape" and "waterscape" markets. Hardscapes typically include retaining walls, patio pavers, and driveways; while waterscapes typically incorporate such eco-friendly amenities as waterfalls and habitat ponds.

David Frye, Business Manager of Local 120, commented on the new partnership with Rain Pro, "Rain Pro is an exciting company. We look forward to an excellent working relationship for many years to come." Laborers Local 120 represents over 2400 workers in Central Indiana.

Melinda Miller and Rain Pro Irrigation, Inc. can be contacted at: 317-724-6776 (317-RAIN-PRO). Rain Pro corporate headquarters is located at: 1659 East 900 South, Milroy, Indiana 46156.
